Have you ever wanted to give *Pymble* Dance a try? Watched your daughter perform or learn dance online and wanted to give it a go? Wondered how our Dance Staff foster confidence, artistry, and skill in our dancers? Wanted your daughter to try different styles in preparation for 2021 Dance Registrations? Want an extra resource to keep active at home? Or revisit the 2020 Online content for fun?

You now can do all of this by purchasing our first series of *Pymble* Online Dance Tutorial Packages!

This series of *Pymble* Online Dance was created for *Pymble* Dancers during the 2020 Online Learning period and features some of our incredible Dance Staff delivering tutorials straight to your device. The tutorials implement personalised teaching utilising the latest video demonstration research with breakdown sections and demonstrations you can pause or rewind at your own pace. Participants are encouraged to purchase the 'step' level recommended for their age or attempt a 'lower' step first before progressing to higher 'step' packages. Each 'step' contains a range of Dance styles. *Be sure to look at the Dance at Home Guide before commencing and do the warm-up every session!* The packages are raw and original footage that was designed to keep our students dancing at home so you might hear our Dance Staff say, "Ok Hip Hop 1, here we go!".
